

Post-Surgical Care Instructions

Please notify Spay Me! Clinic or your regular veterinarian if any of the following occurs:

- Loss of appetite for more than two days
- Refusal to drink water for more than one day
- Depression, lethargy, weakness or pain
- Vomiting after the first 24 hours following surgery
- Diarrhea for more than 24 hours

Diet

- Feed small amount in the evening after surgery.
- Feed regular diet in the morning after surgery.

Activity

- Restrict exercise – no running, jumping 10-14 days.
- High-energy dogs should be leash walked and kenneled.

Incision

- Watch incision for swelling, redness or drainage. Apply nothing to the incision.
- Do not allow excessive licking at the incision
- Suture material is absorbable. It is buried and will dissolve.
- Keep the incision, and your pet, clean and dry.
- Your animal will be given a small green tattoo on incision site (male cats on the abdomen) to show proof of spay/neuter.

Pain

- Your pet has been medicated for pain while at the clinic, this can last up to 24 hours.
- DO NOT give your pet any over the counter pain medicine ie: aspirin. It is neither necessary nor safe for your pet.
- If you feel that your pet is exceptionally prone to painfulness, you can purchase 3 days of pain medication to take home.

Feral Cats

- Must be kept at indoor temperatures (60 to 70 degrees F) for 48 hours before being re-released.
- Be sure that they are eating and drinking before release.

If you feel your animal may be experiencing difficulty after surgery, re-checks are available and can be scheduled by calling 608.224.1400.

Non-urgent concerns may also be emailed to spaymeclinic@yahoo.com.

There may be an additional charge for re-checks, medications, etc.

If you suspect your animal is prone to licking, please be sure you have an e-collar.

E-collars can be purchased at the Spay Me! Clinic, your local Veterinarian, or most pet stores.

Owners will be held responsible for complications due to their animal licking at the incision.

“Spay It Forward” Donation Form			
	I would like to make a donation to have a pet spayed or neutered for a family experiencing financial need.		
	I would like to make a donation to have a free roaming, feral cat spayed or neutered.		
	I would like to make a donation towards a low-income family’s pet’s medical needs
